Philadelphia 5, Pa.
DEDICATION

These personal revelations into the lives, hearts, and experiences of Those of Us Who helped to establish the Christian Dispensation, are lovingly dedicated to all the Children of God who seek peace, health, happiness, understanding and who desire to learn THE WAY to return Home.

This book is presented with the hope that some of these Children of God will take courage from the realization that a few humble men and women passed through the same mental, emotional and physical trials which men face today. To this end I have opened My Book of Memories and have written those dear revelations so that all who will may read.

Looking backward, individuals may gain the strength builded of Our experiences and, looking forward, build a future of like perfection for themselves and the generations to come.

Lovingly and sincerely,

MOTHER MARY
FOREWORD

Every 2,000 years a new spiritual outpouring is released to bless our Earth and Its evolutions. Great Beings volunteer to take embodiment in order to establish the particular magnetic and radiating center through which that spiritual outpouring may enter the souls of men. Even as light, heat and fecundating power is focused to the Earth through our physical Sun, so must there be a focal point through which all blessings enter the world of men.

Approximately 2,000 years ago, the Christian Dispensation was destined by God to bless the race. The beloved Master Jesus was chosen as the Being Who would descend into physical embodiment and, with the help of other dedicated individuals, present the Truth which would be the foundation of that Era. His Holy Mother (Mary), His blessed Father (Joseph), His disciples and apostles pledged themselves to help Him fulfill His destiny. From the time of His conception until the day of His Ascension, His spiritual strength was upheld by loving, consecrated, faithful friends and family.

To complete His service, His Mother and the disciples formed a spiritual community, bound to-
Together in love for God, for Jesus, for the New Dispensation and for all mankind. Thus, even after His Ascension, Jesus was enabled to radiate His blessings and anchor His Rays through the minds and bodies of His loved ones on Earth, leaving a strong foundation upon which the Christian Era has been built and sustained through the ages. All beginnings are small, from the human embryo to a planetary System.

This book is written to inspire the people of today to a like achievement in building a spiritual foundation wherein health, peace, illumination and opulence shall be the common heritage of all God's children.

Beloved Mother Mary has kindly and generously consented to bare Her heart, hoping that the trials, the tests of perception, the general experiences of Her day might inspire some few to a like endeavor in this day. We thank Her and bless Her for the energy released to make such a record available to all. We thank and bless also those whose individual and collective energies made it possible to translate the pure energy of Her Heavenly heart into words that can be read by every man.

Sincerely,

Thomas Printz

HAIL, beloved Spirits of Fire! Beloved Children of the Homeland! Tonight I bring you love from that Home. I hold you within the compass of My arms and bring you the love of the Father as well as the love of the Divine Mother from Whose bosom you came forth into individualization. You came with but one desire in your sweet, earnest hearts—to do Their will, to carry the light and to be the full manifestation of Their love.

Hail to Thee! O, Spirit of this great mountain (Grand Teton), mighty Deva holding the focus of the powers of the Sacred Fire.

From time immemorial there have been certain spiritually advanced beings who have chosen to become a part of the Cosmic moment, embody and carry some portion of the God-design into the world of form through the veil of physical birth. I have often been invoked by such beings and before they took birth, have promised them that I would come to them at the time of the
fulfillment of their mission. In the full freedom of My God-radiation, I promised to bring to them remembrance of their vow, their Divine purpose and of the capacity within their lifestreams to fulfill that purpose in dignity, honor and victory.

Before the Holy Mary (Mother of Jesus) took physical birth, I promised Her that I would come and help Her by flashing into Her consciousness the remembrance of the Immaculate Conception which She was to hold. This was to be the seed around which the electronic light and substance of Earth would form to create the physical vehicle of Jesus. However, much was dependent upon Mary's Own consciousness in order that She might be in a state of “listening grace” at the split second when the Law would allow Me to make such a visitation. Only thus would She be able to receive My Presence, accept My words and be able to feel that flash of illumination and Divine fire, anchoring It within Her Own consciousness so that It might be for Her the sustaining power in the world of form.

From the day She was taken to the Temple, an infant of three, Beloved Mary lived in a state of constant “listening grace”. It was easy indeed for Me to say when I stood before Her: “Hail, Mary, full of grace!” Truly it seemed to be a somewhat lonely life for such a small child, taken so young from the arms of Her mother. While She was raised with the other young girls of Judea, yet Her interests were different from those among whom She moved. Her life was one in which She contemplated all the prophecies of the Old Testament; one in which She developed a tremendous devotion to the Beloved Vesta (Spiritual Complement of Beloved Helios, the One in charge of our physical Sun. Beloved Vesta is the Cosmic Godmother of our planet and of our System). While other children were playing with dolls, Mary virtually cradled the world in those infant arms, through the feeling of that Divine Mother-love which She drew from Beloved Vesta Herself, by Her contemplation and love of that great Being. The angels were always around Her, enjoying the fragrance of Her presence. Even in that small body, She was truly a “Queen of the Angels”.

Mary grew in that grace, in that symmetry of form, in that beauty and humility of nature—so much so that there was practically no veil between the Angelic Kingdom and Her own sweet Self.

It was well that such momentum was builded and such faith and confidence established between Her and the Angelic Kingdom during those early sheltered years because, in Her later life, Mary had the visitation of an Angel again. This time He brought news of impending disaster. Mary and Joseph, with that small baby, were called upon to leave the shelter of Their home and journey into Egypt, across a land filled with dangerous wild life. Here She was sustained by this momentum builded in Her early years and Her confidence in the Celestial visitors, Her faith in Their word
was such that never for a moment did She question Their reality or Their wisdom. Thus She remained at peace, even though the Beloved Joseph was torn between reason and intuition, feeling within Himself the great responsibility of His guardianship.

The large liquid eyes of Mary were always filled with that faith indescribable and when They were told by the Angel to make this journey into Egypt, She said: “Joseph, we shall go!”

Now you are those who follow a similar path. You, too, are coming into closer association with the Angelic Kingdom. This association is one of the gifts of Our Beloved Friend and Ascended Master Saint Germain. It is meant to bring to mankind and incarnate Angels, the joy of association with those of Us Whose pinions have never been bound round by flesh. In your happy times, cultivate confidence in Us and enjoy Our Presence.

Then, when it is required by the Law, and a moment comes when perhaps your very safety or that of others will depend upon that confidence, you will be able to place your hands in the hands of Celestial visitors and, as Mary said: “be the handmaiden of your Lord”.

Thus is obedience builded out of love, not out of fear; thus is friendship builded out of shared sweet experiences; thus do the Angels draw close into the aura of those who know love and there We abide! There We feel no separation from the Father’s Kingdom. . . . “

Excerpts from an Address
by
Saint John
The Beloved
April 7, 1955
(On: Wisdom and strength of Beloved Mary)
THEN you will remember it was My honor to serve with Our Beloved Mother Mary. I often wondered which was the guard and which was the one who was receiving the protection, for Her strength and Her power were such—Her wisdom and capacity to teach were such that I really think it was the mercy of the Law that Beloved Jesus gave Me to Her, rather than Her to Me. That comfort of Her Presence and the warmth of Her light sustained Us until We became anchored enough within Our Own light to meet our Master again. . . . .
An Address

by

Beloved Mary

Mother of Jesus

January 19, 1954

(On: Her service at Inner Levels of forming Sacred Heart for each incoming lifestream; “Immaculate Concept”; “Magnify the Lord”; Importance of being a conductor” of Master’s light and love.)
MAY the peace of God rest on you, beloved children! May the love of God and for God rise within your hearts, until it becomes the predominant feeling in your consciousness and you become aware of that Divine Presence in every cell and atom of your earnest selves.

Well do I know your hearts! It seems but yesterday that you stood—pure white spirits—before Me and presented to Me the elemental substance which was to form your garments of flesh in the next embodiment. Each of you had been called before the Lords of Karma and given an opportunity to take a new incarnation, each one presenting those energies which were to form the envelope through which your soul might seek understanding and ultimate freedom.

Since entering into the Realms of Eternal Light, it has been My privilege to assist in the creation of the Chalice (heart) which holds the Sacred Fire, around which is drawn the elemental substance of
the flesh form. Within this Chalice burns the Fire of Immortality.

In each twelve-month cycle, every lifestream who is to incarnate upon the Earth within that period, enters My aura. Together We fashion the physical heart which will enshrine the Sacred Fire of life throughout the entire lifespan. Therefore, when I enter a room and welcome the hearts, souls and spirits of those present, I take great delight in looking upon My Own handiwork. I rejoice as the Flame within that Sacred Heart begins to expand, dissolving the shadows and, one day, bursting forth in a great transfiguration of the self into the Presence. It is through this process of using the Sacred Fire that the base substance, through Divine Alchemy, is drawn into Divine purity. This is the same method by which every lifestream who has ascended entered into the full use of the Immortal Electronic Garment—the Seamless Robe of eternity.

While We have the great opportunity of holding the attention of mankind through this year* upon Our Presence and Our service to life, I shall endeavor to convey to the students (as well as those who visit with Me in the Resurrection Temple, or in any one of the Retreats or Sanctuaries where My Focus and Flame abide) the consciousness of the "Immaculate Conception". This consciousness I developed through century after century of dedication of My spirit and self-conscious loyalty to God.

When the beloved Jesus was a very small boy, He already manifested this purity of spirit. He was born with a natural beauty of consciousness. He had no karma. There was not a stain on His soul, nor one flaw within His thoughts and feelings that would contaminate the perfect expression of His mind, His body, or His spirit. Pure and perfect as Jesus was, He had the use of the faculties of the senses more highly developed than any child born of woman. He had perfect sight, perfect hearing, perfect taste, touch and smell. Besides this, He had a great sensitive intuition to spiritual things. Jesus was like a beautiful, delicate instrument, made to contact the vibratory action, not only of the physical world, but the Higher Spheres as well. This exquisitely developed life-stream was naturally capable of drawing the appearance world into Himself with greater impact, by the very clarity of His senses; much more so than the dense and dull consciousness that perceives little and exists rather than lives. Along with every man and woman on Earth, Jesus had the gift of free-will, into which even I (by Cosmic Law) was not permitted to intrude through the pressure of My desire for His freedom. It was My great privilege to help that consciousness to use those faculties to magnify the God of Light and the perfection of the Father Whom He had vowed to represent to the race. Think on this for a moment!

---

*Beloved Mother Mary and Beloved El Morya were the Sponsors for the Mankind of Earth during 1954.
Jesus did not live in a “charmed world.” We lived in a small, humble village and He was called upon to “rub shoulders” with the lame, the halt and the sick; with the diseased of mind and body. In the day when We walked the Earth, there were no institutions to close around those desolate forms which today are not apparent to the masses.

This beautiful and delicate-minded boy, dressed in His simple little white tunic, the sandals that Joseph made for Him upon his feet, was exposed to every thought on every plane, with only Our love to clothe Him round. It was then that I said to Him: “Son, your soul has the power to magnify anything that you choose to accept as real. You may magnify an appearance of illness and distress or you may magnify the Lord of Life.” Then I tried to show Him the simple principles which I shall present night after night in Our Resurrection Temple while it is active during this thirty-day period and which I intend to give to the students at every opportunity I have to speak to them throughout the year. Jesus has said that it helped Him so much to deliberately magnify the Lord instead of appearances and I tell you that it saved My sanity many times throughout that embodiment. Saint Germain (as Joseph), often blessed that principle also. It helped Me to go through the initiations that I hope no other unascended being will ever be called upon to take. Therefore, I guarantee that it will help your individual souls through every experience you may have.

Beloved ones, your souls are magnets. From your soul flows your life. That with which your attention connects, your soul does magnify. It is a mathematical and scientific principle which none can escape, be they initiates, chelas or laymen. You may magnify good or evil. When your attention connects with any appearance, your life flows from your own heartbeat into it and it grows, magnifying in your own consciousness—both in the appearance world and in the inner realms—wherever that soul abides. Now, you may either magnify the shadows and distresses of the appearance world, or you may magnify the Power of God by turning the beam of your energy and attention to that Holy Christ Self. Hold your attention there, dedicating it to receiving and magnifying Its Powers and Qualities, until your Inner Self grows in confidence, grows in beauty and grows in perfection in imitation of that One. We made a game of it when Jesus was young. As children do, He would come with bruises on His feet or on His knees (all the various appearances that affect small growing boys) and I would say: “We shall not magnify that hurt or that scar. We shall magnify Our Lord.” Then, turning Our attention to that Perfect Pattern, the three of Us would draw the healing and peace of that Presence through Our beings until the appearance of imperfection would disappear. We did this systematically. We did it daily. Together, We gathered a momentum that I, within Myself, knew was building a posi-
tive power of resistance in the consciousness of Jesus against every appearance of evil, so that when His Cosmic moment came upon Him, He could even look at death itself and refuse to magnify it by the power of one heartbeat. Thus He turned all the power of His energy to Life, magnifying the power of that life through Him until death itself was vanquished! Do you see?

It should be the same with you, dear hearts. We have watched the family life of mankind and I have watched the mothers and the fathers of the race. I have seen them in their great sincerity, with their great sense of personal responsibility and their earnest desire to surround their individual flock with security and protection. Yet through that very sincerity, they magnify the appearance of distress. Instead they should magnify the All-power of the Presence, until the energy of the up-reaching consciousness would conduct the substance of healing, supply and protection, into the world of form. I have said within Myself: "When opportunity presents itself, I SHALL MAKE THE 'MAGNIFICAT' THE CREED OF THE CONSCIOUS CHELAS. They shall accede as I did to that principle of Truth that stood within My world until they are free."

Oh, Sons of Heaven! Daughters of Heaven! Why magnify the appearance world? Together let us magnify the Powers of the Lord! Thank you for accepting the feeling of this, dear heart friends! As I witness the coming of the Masters into the consciousness of the earnest students, bringing Their gifts of light, Their vision of things to come, and then I see the distress of the personal self of those earnest ones, the limitations and the shadows of the soul, My heart is near to bursting with the desire to convey to you how simple it is to connect with the Christ Self. It is done by just turning your attention, your spirit and your senses to the ever-present God (within your heart), allowing your energies to bask in that uplifting, healing, omnipresent consciousness of All Good; feeling the Flame of your own heart like an unfolding lotus, conducting those God-qualified energies into the world of form.

All of the great men and women who have performed the seeming miracles of the ages have been merely "conductors". My beloved Jesus was merely a "conductor" Who connected the energies of His physical and inner bodies with His Father-Mother God. He had such perfect trust in God, that no outer appearance could ever draw an electron from His feeling world or cause Him to magnify it! That was His tremendous accomplishment, the feeling of which He has offered to give to any individual who cares to accept it. (His feeling carries His power of accomplishment!) I was present in Cana where Jesus performed His first so-called "miracle". There He just turned His attention to the Father of All Good and allowed the energies of His Own inner bodies to change the substance of that water into electronic
light—the people unconsciously qualifying it with that which they desired to manifest (which was wine). It is one of the simplest activities, just a “letting go” of the limited outer self and connecting inwardly with the Presence of God, allowing His power of healing, of supply or of peace, to flow into the manifestation.

Blessed ones! This should be a year of tremendous importance to you. Even if a handful of you can grasp the significance of this Law, if you can work it out in some simple manifestation, feeling the power of your own energies connecting with the power of the Christ Self—you will truly be Ourselves in action! You move around in the world of form and your senses have been in the habit of bringing to your consciousness reports of good and evil. Won’t you now try to change that by accepting only the good? Will you try to remember Me as you go about your daily work and let Us see what you will magnify in the course of each day? It is a happy training and a pleasant pastime. You know yourself, even in your human activities, how grateful you are when friends do not magnify your weaknesses and how grateful is the soul when there is even one who magnifies your service, your capacities and your capabilities! That is what We do constantly!

You know, some of the students are unduly concerned when We commend individuals for accomplishment. Judging from human standards, they question the wisdom of Our commendation but We are magnifying the good while the limited outer consciousness of the student magnifies the appearance. If We had not magnified the good, the human race would have passed into the “second death” long ago. There is not a member of the Spiritual Hierarchy Who ever took human embodiment, Who would have been able to get “Home” God-free, if some other soul had not chosen to stand by and magnify the good within that incarnated spirit. Someone held the faith, held the confidence, held the trust, while the individual (engaged in Cosmic service), endeavored to fulfill his mission.

May every God-Presence now individualized choose to magnify the good in each other. When that is done, We shall have a Universal heart and a body, a soul and a spirit made up of every life-stream belonging to the Father-Mother God that will truly embody the nature of the Cosmic Christ. To your hearts, to your families, to your loved ones, I direct the energy of the Flame of My Presence, for your beautiful hospitality and for your exquisite remembrance of Me in your daily life. Your devotion draws Us closer and closer and gives Us opportunity without limit to bless you individually and collectively.

For Myself, I shall magnify the light in your hearts, for I believe in you. You know, I helped to create those hearts and I shall see you God-free!

I bless you and thank you. Now I shall say “Good Evening”.

The end of the text is missing.
An Address

by

Beloved Mary

Mother of Jesus

February 5, 1954

(On: Importance of meditation and contemplation; Importance of gathered momentums in decrees; More on Mary's service of forming Sacred Heart; Great Initiation of Jesus; Jesus' visitation with Mary and disciples for forty days after Resurrection).
BELOVED children, I come to bring to you My love and gratitude for your deep interest in life and to endeavor through conveyed consciousness to show you ways and means by which your individual worlds might again be set into Divine order. I do this that you may find yourselves conductors of that Presence of God which mentally you have accepted as filling this Universe; but which requires the confirmation of your feelings to be ever active through you into this world of form.

In a measure, each of you is a bridge conducting the consciousness of the Inner Realms into the world of form and acting as mediators (even as I do at inner levels) between the fullness of God and the Intelligences which represent Him and the mass mind.

Mankind may rebel all they wish at the necessity for mediation between the fullness of the Godhead and the outer consciousness. However, the Law of Life and the Intelligence that governs the
great Universal Scheme of Creation, has provided these “step-down” transformers in mercy. This is done so that those who voluntarily and consciously descended into the pit might have a chain of energy over which the blessings, the mercy and the very spiritual life (which sustains their souls) may flow. In time, over such a chain of energy (when the voluntary energies of their own worlds so desire) they may ascend again into their rightful estate and assume their places as Sons and Daughters of the Most High Living God.

Even as the spider weaves out of his body the web and uses it as a means of transportation to and fro, so is the bridge of life energy woven out of the very Essence of Divinity. It is carried by the Messengers and the lifestreams who may have only a partial connection with the Realm of Perfection, in order to infiltrate the consciousness, stimulate a love for Truth and, wherever possible, act as instruments of Faith by which works may be manifest.

Each of you has developed (over the ages and through the centuries) certain momentums that make you conductors for specific qualities that represent the nature of God. These momentums are your individual and voluntary gift to life. They are the treasures stored up in heaven. They are that part of you which We can use to externalize Our work and service in the world of form. They are the only part of any lifestream with which We are concerned. It is Our desire at all times to emphasize and externalize more and more of the nature of God through the “leaven” in the individual lifestream. This “leaven” may be faith, purity, peace, happiness, or it may be a momentum of teaching or healing. These examples are just to give you a “bird’s-eye” picture, you might say, of the way We in the Hierarchy work in drawing around ourselves certain lifestreams who We feel can best serve the Divine Plan in cooperation with Our life. We then endeavor to connect Our energies with these individuals through whatever means are at hand.

We connect Our energies with mankind by radiation; through the contemplation by your blessed selves in thinking upon Our Presence. We also connect Our radiation with your consciousness through the spoken word at the rare intervals when life allows Us this privilege. In every instance, every Perfected Being Who lives within the Kingdom, contacts unascended beings solely to expand the borders of the Kingdom; to expand the radiation of perfection and to draw more light and more of the God gifts into this world of form, into the Psychic and Astral Realm which forms the atmosphere of your planet.

My service to life has been connected with the creation of the heart through which the Sacred Fire is focused into the physical appearance world, giving identity and being to a personality for a time. It is an interesting service that perhaps can be elaborated upon. You use it yourselves in this
Activity to create a heart-center, made up of living cells, living intelligent beings having free will. However, this is different from the heart made up of intelligent energy sworn to obedience, which is the physical heart of an individual.

When the lifestream is given the grant of securing a new Earth body and when the Lords of Karma have passed on it, that lifestream is drawn into My Temple. Together We look over the substance and energy which the soul has used (oh! perhaps through aeons of time). This is the personal heritage endowed by nature to that soul to form the envelope in which it must function.

As I have said before, We endeavor first to fashion (from that elemental substance) the heart, which is the chalice for the Immortal Three-fold Flame of Life. The heart cells in the physical body are the most highly developed of the elemental substances that make up the physical form because, in the course of their service to life, they require more resistance and more durability, in order to stand the “beat” which gives life to the physical body. Therefore, from among all the elemental substance which will form the flesh garment, the most highly developed electrons are used in the heart. These are drawn into the body of the prospective mother and become part of the flesh of her form, even before conception takes place. Then through that marvelous intelligence of the Builders of Form, the heart cells belonging to the new soul are segregated from the body of the mother, always discarding the substance which is of the parent. In this way, the substance which is of the new soul makes this exquisite Chalice enfolding the Three-Fold Flame of Life.

It is such a beautiful, mathematical and scientifically accurate process that I would love to show you in pictures on a screen the precision with which the Builders of Form magnetize the substance belonging to the incoming soul and cast off again, again and again one cell out of every two, until this heart is formed.

In exactly the same measure and manner, the cells that are to form the spiritual heart of a community, a Movement, a great Nation, a planet, a Universe or a Galaxy, are selected from the lifestreams who have developed the greatest endurance and the greatest purity. These have earned through the ages of time the privilege and honor of forming the canopy of protection around the Sacred Fire which is to be drawn forth and expanded for the blessing of the masses.

From the great body of mankind, there are not available too many cells that can be used for a spiritual heart. From within the spiritually attuned and elect, We find seven distinct types of individual momentums and consciousness which could be utilized in the seven ganglionic centers of the Spiritual Body of the Christ. These people respond to the impetus of a New Activity. They know that they are destined, you might say, to become a part of some vital organ in a great cur-
rent endeavor, whether it be a World Movement or a local political activity. In that response they sometimes apply for a position within the heart, although they belong to another center. The same spiritual segregation goes on constantly, drawing in the heart cells, purifying them, fitting them one by one into their perfect place; then endeavoring harmoniously, if possible, to draw the other cells into their own vital organism.

This is the activity in which you are engaged today, beloved ones. More or less, you are the substance being formed by the Hands and Hearts of Intelligences greater than your own. In this great scheme of things each one has his perfect place. We who can see, have designed so carefully the creation of the Spiritual Heart. This will be the supplier of the energies to vitalize this great Spiritual Body that is to be the Cosmic Christ of the future, made up of every one of the ten billion souls destined to incarnate and develop mastery on the Earth.

The creation of a heart is the most crucial point in the creation of a physical organism. It is also a most crucial point in the creation of a spiritual organization. It requires tremendous application upon the part of each and every lifestream who has been “summoned” by the Law, and who has been even loosely fitted into the design.

As I have been honored this year by being given opportunity to reach the masses, I am also honored by the opportunity of working with those of you who choose to see the design behind the seeming chaos and confusion. As My own momentum allows and the wisdom of My centuries of forming hearts permits, I shall endeavor to help you in your task.

In the physical body, if at the time of gestation the cells that are to form the seven great centers might not polarize properly (for some reason or other) or are not held within their orbit perfectly, you have a physical instrument of incarnation that is defective in one or many ways.

The spiritual sorting (wherein every lifestream takes his perfect place and abides therein) is essential before We can expand the endeavor to raise and redeem the masses and purify all discordantly qualified functions in the spiritual body of the race.

We are in a secret and sacred time, a time when I, Myself, remembering My own experience, suggest that you ponder these things in your heart. Pray on them; ask the grace of your own Christ Self to illumine them to you and then strain not, but endeavor to be the best cell that you can in your appointed place.

I have thought it would be a pleasurable gift to life this year to endeavor to record some of the heretofore unchronicled experiences of Our life in Judea. From time to time as opportunity permits, I shall bring to your remembrance certain of these homely pictures and scenes.
Prior to the Great Initiation of Our blessed Jesus, We used to sit together in comparative privacy in those few moments We sometimes had when there were no demands for assistance from the public. We talked about the ways and means by which We could best perpetuate the Truth, preserve the clarity of Jesus' message and give It to posterity as a workable law.

During the years of My Son's life, I dedicated Myself almost entirely to the holding of that Immaculate God-concept for Him. I did not engage in any extraneous services except those required of My household. I endeavored to live in a state of constant contemplation of His Divine Manhood, emphasizing His mastery through the pressure of My Own concentrated thought and feeling. After the blessed Joseph was removed from the screen of life, I felt a double responsibility in the holding of this "Immaculate Concept." I can tell you sincerely that it was not without much personal regret that I parted from the great strength, the quiet serenity and dignity of Joseph to walk that path more or less alone. However, the Law of Life and the Lords of Karma determined it to be so and when His mission was accomplished He, like all the others before Him, folded His robes about Him and returned into the Heart of the Father. It was My opportunity to remain.

Sometimes, Jesus and I would sit together in the evening and talk over the various points that were to be emphasized through His ministry. More than once, We discussed the necessity of passing through the appearance of death in order to prove the Immortality of Life and that man, through his own consciousness, might transcend death and master a garment which, to all intents and appearances, had lost its vitality.

In the Retreat where this Initiation takes place (for instance, at Luxor), it is comparatively easy for the highly trained Initiate to withdraw the senses from contact with the world about him and suspend the breath, so that, to all intents and purposes, the body is "dead". However, to perform this act consciously, amid hundreds of vicious and uncontrolled consciousnesses, is an Initiation of a different sort! Yet the outer consciousness is such that unless mankind themselves actually performed and executed the death sentence, they would never have believed that the Resurrection was authentic and that it was not the trick of a fakir or a manifestation of hypnosis.

I will tell you frankly, neither Jesus nor Myself relished the necessity of having Him pass through this great service to life. When He did ask that that "cup" be taken from Him, it was because none, ascended or unascended, knew for a certainty that victory would be assured through a public demonstration. You see, through such a demonstration, all of the astral and psychic viciousness that had accumulated since the "fall of man" was directed through those embodied individuals
who allowed themselves to be used as pawns of that "force". They acted it out on the screen of life, endeavoring to destroy the serenity and equanimity of the Initiate. Not only the pitiful masses who opened themselves to those "forces" but the far more subtle and powerful influences that wished to destroy the victory of that mission, were something with which to be reckoned.

From the time that the first so-called "miracle" at Cana placed Jesus' name before the people, through the days of Golgotha, I made (what you would call today in the terms of the Church) a "Perpetual Novena". I spent hours, every available moment that I was not attending to the necessities to keep our bodies alive, in contemplation and in prayer for the fulfillment of the victory of the Resurrection through Him.

Luke (one of the disciples), was a physician and had been privately initiated by Jesus in some of the subtle activities connected with healing. Yet He would often say: "I do not believe it can be done!" However, as you know, it was done beautifully with the assistance of the Great Maha Chohan and the beloved friends, Ascended and otherwise. The memory and the glory of that experience remains to this day!

I speak of this only because you might wonder why We did not plan more for the future. Our minds and hearts were more or less concentrated on making this mission so dynamically and positively impressed upon and imbedded in the consciousness of the people, that somehow We didn't think too far beyond the Resurrection morning. Those of you who were close by in those years know that the mission of Jesus was deeply recorded in the etheric bodies which you carry; also the victories and the miracles recorded in writing the books of the Bible, which have been a pattern for the people up to the present day. These records are to be re-vivified now and brought forth as a positive proof of His Truths and His great Cosmic Service to life.

However, as We drew closer to that final pageant, Jesus and I decided between Us that I should return to Bethany. You see, in Bethany, we knew (almost) the only happiness during those difficult days. We knew "home" there. We knew the sweetness of the flowers and the joy of friendship that was untouched by desire for personal gain. We used to sit there and just rejoice in the Presence of God and of each other.

Jesus said: "Mother, in Bethany I think you and those who will remain can best live out those years yet allotted You. If the Law permits, I shall visit you there from time to time and, to the best of My ability, convey to You and those of My heart friends, the Laws which will strengthen and assist You to help the people".

So, on that day at Calvary, when the hours of trial were accomplished, John and I walked down that hill. Remembering our Blessed Jesus' admonition, John took Me back to Bethany and the other disciples joined us there shortly after Easter.
morning. There We had the exquisite association with each other in the forty days before the Ascension, which time was given Us by the Karmic Board as a grant of mercy. If the disciples and the heart-sore believers had been denied that association of the mystical Presence of Jesus for those forty days, I think they could not have held the faith! The Resurrection Morn was a very small instant. It could have been (the human mind would say) conjured up out of hope, but for forty long days We had a visitation every day! Sometimes we had just minutes; sometimes an hour with Our Beloved and so the Ascension Day was not as difficult a parting as was Good Friday.

The story of Our stay in Bethany and how We devised the plan to set the Christian Era into action, I am going to endeavor to draw forth for you as quickly as time will permit and your energies allow Me the freedom to enter your worlds. It is a pleasant recital—a happy and peaceful one! It is about a time when Jesus did come—O, yes! very often—and talked with Us; a time when We recorded many Truths; a time when Peter, James and John wrote Gospels that remain hidden to this day! They will one day come forth as the mystical and inner teachings of the Christ. My story is also about a time when healings were manifested—O, in a simple and unostentatious way perhaps; a time when those who loved My Son chose to embody His teachings in learning the intricacies of mystical healing. At that time, I also wrote certain treatises for posterity which I hope to bring to your attention at a later date. This was a time when ages yet unborn were unfolded before Us, from the free heart and Spirit of the One We called Master and Friend. Bethany will always hold a place in My heart and the hearts of all who were a part of It there.

This morning, I have come primarily to bring you peace, beloved ones; to confirm the Ascended Masters' faith in your light; to confirm the trust and belief of the Brotherhood in your spiritual integrity and to tell you, each one, that you are precious beyond words in the sight of God. This may seem of very little import to human senses, but the registration of the outer thoughts and feelings of the people is no measure for that which is God-confirmed.

Beloved children, it is a beautiful thing to look at hearts you fashioned thirty, forty, fifty years ago and see them so little changed; in many cases, to see the crystal light having raised the vibratory action of every cell. It is a beautiful thing, when one gives a lovely piece of handiwork to any of God's children and finds it sustained in grace, often burnished by the light and fire of suffering, until it is a more beautiful Chalice. One day, when you lay these bodies down and carry the replica of that heart into the Halls of Karma, it will be lovely to see it with the light shining through, containing within it the harvest of your service in all your embodiments. I, for One, am looking forward to that day with great joy. Thank you and God bless you!

Beloved Mary
Mother of Jesus
Good Friday—April 16th, 1954

(On: Personal experiences and thoughts on first Good Friday;
Mary's training and ability to hold "Immaculate Concept"
and Her determination to hold it for each one on Earth now;
Activities of the Sacred Heart Temple at Inner Levels which is
Her particular interest and service to life.)
BELOVED children, do you know that today is an anniversary? Today is the anniversary of that first Good Friday when I was given the marvelous opportunity of becoming the Mother of every one of you—the Mother of every soul belonging to this evolution; the Mother of every precious aspiring spirit belonging to the evolutions of this planet. Through this opportunity, it is My privilege to love, to care for each one, enfolding them in that personalized radiation of interest and solicitude of motherhood until all have attained their full mastery in the light!

That first Good Friday morning, I walked alone up a dreary hillside, the Mother of One and walked down a few hours later, the Mother of millions! Was that not an opportunity? Was it not a crowning glory rather than a sorrow? Good Friday changed Me from a woman with individual interests, to a Cosmic Mother of all the souls so dear to the Heart of God and I shall always remember It thus! It is always so in one’s experience—when
you give that which is most dear to you, returning it to the Universal in accordance with God's will, though it tear your heart! The return from God is most generous in its blessings, in that, where before there was One most precious, there is born the love for the many!

How shall I describe to you, My dear ones, the exaltation of the soul when the consciousness and feelings are lifted up and Your arms become the "everlasting arms" that enfold all the consciousnesses that belong to this Earth with the same intensity of purpose that you have held for the One or the few? My ministry and experience is a magnificent example of this because, by the very nature of the service that Jesus was to perform, I was required to take an Initiation to perfect Myself upon one-pointedness and concentration of My energy, My substance, My protection and My life around that single lifestream. By the very importance of the Cosmic moment, I was not allowed to let My attention wander. Then, in an instant, that One was removed Who was the focus of My attention; of all My life; all My love and solicitude; all the nights of sleepless prayer; all of the days of constant calling to God for help; and then I received the command from the Heart of the Great Father of All to expand that solicitude to encompass the many—all at once!

Beloved ones, witness the wisdom of the Great Law in building a momentum! That Great Law drew the power of concentration, of love and selflessness, of purity and dedication, building of it a concentrated focus that, on a Cosmic instant, the Flame from the Heart of the Universal struck into that momentum, expanded it and made it world-wide and world-engulfing!

Witness the kindness of the Law to leave no vacuum—no emptiness—not even one moment of desolation before the Spirit of the One gave the command: "Mother, behold Thy children!" and "Children, behold thy Mother!" The moment those words were spoken, the Flame within My heart expanded and in the relinquishing of the spirit of Jesus into the bosom of the Eternal Father, I was filled with that great radiation of love for all!

O, the kindness of God—the mercy of life—in that hour of Our Initiation! I can speak with authority when I say to you—you are never, never, never alone! That which you build so humbly in your daily, hourly living is forming a focus which, at a particular moment, can be expanded as was Mine. A series of apparently humble daily experiences into which all the energies of My bodies were poured, built a form that was to be for Me My strength, My balance and My sanity in the hour of My need. So, you also build your strength in the quietness of the days before the release of the opportunity which will be your individual destiny. No man knows when that hour comes; for each one it is different. For Me, it was at Calvary! For you, each one, a great, Cosmic climax to your Earth's experiences will occur and then
the mercy of the great Universal First Cause, blessing you, will sustain you through to your victory.

It was required of Me to stand guard, fully conscious, on that hillside throughout those hours of Jesus' crucifixion. I thought you might care to know of what I was thinking while I kept watch there. I stood and held the Immaculate Concept of Life Eternal within My consciousness, endeavoring to duplicate in the physical body, the Initiation through which I had passed victoriously before Jesus and I took embodiment. I stood there and held the concentrated Christ focus of the Resurrection Flame for My Son and to do this I concentrated all of My energies on a happy pattern of Our life experiences.

I began thinking back to the Council in which the Lord Maitreya, in His great mercy and kindness, offered Me the opportunity of holding the Immaculate Concept of the Divine Man against the pressures of Initiation. During that Initiation, the spiritual winds blew and the pressures of thought and feeling from within Me, as well as those directed at Me by the Brotherhood, tried to break My line of thought, My pattern of thinking and feeling to allow the intrusion of other ideas, even good ones, on the visualization of the perfect Image which I was holding. I remembered the sweet voice of Lord Maitreya (at the close of the three hours of Initiation) giving the blessing, saying: "It is well, Mary. However, remember that the winds You have felt, the pressures You have known in the full freedom of Your inner bodies, are as naught before those You will feel exuding from the consciousness of mankind who, in impurity, selfishness, bigotry and viciousness, will drive at You, at Your Spouse and at Your Child, after the mission is begun!"

Standing in the winds of Calvary's hilltop, looking at the greed in the consciousness of those who loved and enjoyed the spectacle, I remembered those words and I held with every fibre and cell of My being to that Immaculate Concept of the resurrected, risen, breathing Christ. With every cell and atom of My being I called to Lord Maitreya, to the beloved Vesta, to the beloved Helios, to the beloved Gabriel and to every One Who had given Me assistance. "O, God! O, God! O, God!" I prayed. "Help Me now in the physical appearance world, wearing the garment of flesh, part of the mental and emotional body of this Earth—help Me to hold this Immaculate Concept through these hours."

I sensed the response from the heart of the Sun; I saw the Presence of Vesta; I saw above Jesus the luminous, shining Presence of Lord Maitreya; I felt the wingspread of Gabriel's kindly and luminous Presence; I knew Friends—Friends that are yours today—just for the asking!

Then I thought of a winter night long ago and a simple stable. I thought, too, of Joseph, My loving Husband and My heart went out to Him. Within Myself I cried: "O, Joseph! Joseph! Were
it but possible that You could be here with Me today! Were it but possible that the strength of Your light could sustain Me now as I hold the Concept that We so happily held through Jesus' growing years to this day! Oh! that it were possible for You to stand with Me now as We stood so often at the doorway of Our home and visualized and witnessed this innocent form growing to mastery."

Joseph was there with Me, in spirit of course! Friends of light, friends that build the bonds that last for Eternity, some of you were there with Us then; some of you here remember that day!

I thought also of the long, tedious ride into Egypt; of the sleepless nights when we fled before the soldiers of Herod; of Our coming into a strange land; of the entrance into the Temple to which we returned in our later years. All of these memories I summoned up from within My etheric body, keeping My mind busy upon the plan and pattern of Perfection, holding to every happiness, every memory that blotted out the appearance of the hour. In time (for time is the great healer) as I continued to hold that Immaculate Concept undisturbed, Its perfect work was done and I became the marvelously blessed Receiver of the souls of men.

Filled with an inner peace and exaltation, I walked with John down that hill and out of Jerusalem. "Ah," I thought, "Jerusalem, fickle City! Just one week ago the Hosannas rang—yet three days hence Thou art destined to be the stage for a drama remembered for ages. The Temples shall have fallen, the decayed walls broken and the voices which were raised in the call for the crucifixion shall be stilled."

In peace, John and I walked to Bethany and there We remained until the days were accomplished and the Resurrection was fact. My Son, triumphant, visiting Us thereafter, established a focus for the Christian Dispensation and there We abode for thirty long years, until I was privileged to receive My summons and join the Celestial group of Beings Who have come home "to go out no more."

Well, it is done and it is written! There are so many lifestreams who contributed to the wealth of our love in that life. Among them are the beloved Angels, the beloved Gabriel and Michael the beloved Joseph (Saint Germain), the beloved John, Peter and James as well as many of you in this room today. In Our free state, We have not forgotten you dear ones. Bless your hearts, you are all My children! You know, I have a momentum of holding that "Immaculate Concept" (perhaps I gained it the hard way) but what I did for Jesus I have now vowed before God to do for all the ten billion souls of Earth, walking the pathway "Home". *I am doing this now for each one with the same intensity with which I held it for My beloved Son.* Ah, the crucifixion is not over as long as any man, woman or child is in pain. The individual crucifixion of every son and
daughter of man is not so great compared to Our experience, but I promise you that by My faith, My one-pointedness, My ability to hold that vision for you, each of you shall be set free! Thank you, beloved ones, for accepting My promise. The feeling of acceptance, bursting forth from your heart-flame, is your freedom! Even while you believe that your individual cross is heavy, even while you believe that the nails in your hands and feet are painful, I am seeing the resurrected, living Christ of each of you bursting from the tomb of your human consciousness. I am seeing that Christ stand forth transformed as I did for My Son on the hill of Golgotha.

Can you withstand that vision, that hope, that faith? Ah, no! You know, a mother cannot be convinced that her child is not worth while. No real mother can accept even in the face of physical action, proof in fact that her child is not good at heart for within herself she knows the perfection of his real Self. For you all, I stand before the Sun in Heaven; I stand in the Halls of Karma, before the Karmic Board; I stand before every Being, Power, Force, Virtue, Law and Activity of the Universal One and refuse acceptance of the ability or capacity of any lifestream to sustain evil indefinitely. My light and My love shall draw forth the good from within all lifestreams as My light and love through Jesus did draw forth His mastery! (Audience arose to express gratitude for this service). Thank you, beloved ones, and won't you be seated please?

If there is one thing is this world I love to do, it is to make life comfortable. You know, in Our activities of healing through the Temples, I always instruct the Devas and the Brothers and Sisters Who assist Me to first make the energies of the physical bodies as comfortable as possible. You see, the consciousness is not receptive to healing or any grace or virtue while the body is resentful or in discomfort. Therefore, I would advise you individually (particularly when you come to class) to make your bodies as comfortable as possible but in an alert and positive way—not in lethargy! Then you will receive the blessing that is Ours to give.

We are in a Cosmic moment today and just briefly I wish to speak to you about it, asking for the contribution of your energies. As I have told you previously, it is My privilege to create the physical heart for each child that is to take on a physical embodiment. The Temple of the Sacred Heart in which both Jesus and I work, is dedicated to drawing around the soul (with the help of the Body Elemental) that substance which will make the Sacred Heart the Tabernacle of the Immortal Threefold Flame of Life. We use the most perfect substance of the lifestream to create that heart.

At this time, all seven of the Great Lords of Karma are present in the Halls of Karma and to Them is being presented the soul of every life-
stream who can be admitted to incarnation on the Earth plane within the next twelve-month period. From these souls presented, the Karmic Board will choose those who are to have the opportunity to re-embody. For every soul who is chosen, two will be denied. That is the Law.

Under the ordinary activities of life heretofore, the choice has been made without regard to the preponderance of spiritual lifestreams. It is made quite impersonally. However, now the Beloved Master Morya and other interested Masters, have evolved the idea of asking the Lords of Karma for the opportunity of bringing into embodiment spiritually awakened people who will take the vow of obedience to the Beloved Sanat Kumara before they incarnate. These people will then work throughout this current period to set themselves free; to bring an understanding of the Great White Brotherhood to mankind at large; to co-operate with the Ascended Masters and the Will of God and to serve life generally. This petition was presented by the Beloved Serapis Bey last evening, for which I am eternally grateful to Him. Your decrees, your songs, your calls to the Great Karmic Board for the granting of this petition will bear great weight and We are hoping by this coming Sunday to have some answer from that August Body. May I digress here for a moment? You see, Our love for Serapis Bey is very great. As the Head of the Luxor Brotherhood in Egypt, He gave both Jesus and Myself great assistance. Previous to the public ministry of the Beloved Jesus, My Son and I returned to Egypt and We spent three years at Luxor. At this time We both became Masters of the final Initiation which is the particular interest of the Luxor Retreat, i.e., the conscious removal of the current of life from the body and the returning of it again through the controlled breath. This was done to prepare Us for Jesus' supreme test. Being so very close to My Son, I also took the Initiation so that My consciousness might be one with His during that experience.

Just to show you the immensity of the program —there are over three hundred million souls applying for re-embodiment! That may seem a lot to you but, remember, there are around seven billions of souls always waiting at the Gates of Birth! At the present time, there are in the neighborhood of three billion souls incarnated. The law is that approximately one-third of the ten billion souls belonging to this planet are in embodiment on the Earth at one time; while the other two-thirds are out of embodiment, living in the Inner Realms. So three hundred million is not such a large percentage of seven billions. The entire seven billions are scheduled to come through the Gates of Birth before the current twenty-year period is up. You can see this is a tremendous task.

At this time, the three hundred million are moving in a slow procession before the Lords of Karma. These must be sorted out, separated ac-
cording to consciousness and examined. This examination is performed in groups where the consciousness is not illumined enough to allow them to go into bodies spiritually awakened. However, this is done individually where the lifestream is spiritually awakened and where they are to be of potential service to the race. If the petition of the Beloved Serapis is passed (referred to before) then there will be a meeting in the month of May when these people will be offered opportunity at Inner Levels to take the Oath of Obedience to beloved Sanat Kumara. This should be a magnificent activity if it is accomplished. If you people in the outer world will have your classes at the time this is done, we are bound to feel the gratitude of the Great Law.

From now until Sunday, if you can find the time and energy to use, if you will make the calls for dispensations from the Karmic Board to allow into embodiment only spiritually evolved souls, it will help the Earth tremendously.

Then, of course, there will be the great need for calls for these incoming souls because, as you see, they will be more advanced spiritually than their parents. If the advanced lifestreams are given the preponderance of the vote, there will not be enough sufficiently illumined parents to guide and guard them so We will have to ask for purification and illumination of consciousness in the homes into which these “new” children come. I thank you so much for your interest in this very important matter.

Now, this morning, as your attention has been turned to our blessed Jesus and to Myself, I bring to you Our love and gratitude for your depth of feeling, your magnificent harmony and for this exquisite force-field. It is a lovely thing to be welcomed and the welcome in your feelings which you have given to those of Us Who are ministering to you, makes possible the radiation We pour to mankind everywhere today. Thank you and good morning!
An Address

by

Beloved Mary
Mother of Jesus

June, 1954

(On: Importance of developing power of concentration to hold “Immaculate Concept” for self and others; Mary’s offer to help us hold “Immaculate Concept” for each other; Mary’s petition to Karmic Board for mercy to incoming lifestreams.)
B ELOVED children! How long has each one of you been a child of My Own heart, a part of My every thought and feeling and consciousness! How long have I loved you, watched over you and held for you that same "Immaculate Concept" that I was privileged to hold for the Beloved Jesus many centuries ago.

In the Initiations through which I was privileged to pass before I was given the opportunity of accepting the role of the Mother of the Beloved Jesus, I had to prove before the Karmic Board, the great Lord Maitreya and the Spiritual Assembly, that I was able to hold the concentrated Image of His Divine Being. This I had to hold, no matter what the pressure of energy might be, directed at Me from within or without. For three long hours at Inner Levels I held that concept! Every kind of pressure, even from the Elohim, was directed into My mental and emotional bodies. This was an attempt to divert My attention most subtly, even into other constructive activities of life and light,
which would cause Me to relinquish that perfect Image, required to be held by Me during the entire period when I bore the Master Jesus. This also had to be held during the long years after His birth, awaiting the hour of His trial and His ultimate victory.

I have been chosen to come to you to ask you, among other things, to endeavor to develop a power of concentration upon one activity of the Sacred Fire, one exercise, one spiritual development, until you can carry it into form through thought and feeling. The Brothers Whom you have invited from the heart of the Teton are requested once in every twenty-four hour period, to meet together and report to your own Beloved Master Saint Germain upon your progress, and upon Their association with you. Then, counseling with Them, Saint Germain endeavors to give Them the assistance They require to bring into your worlds individually the radiation and the pressure of good which is the gift of the Teton. This is given you in return for the gift of your light offered in co-operation with the Ascended Masters, to bring forth from the Cosmic Law gifts, grants and blessings to life. The one (almost unanimous) report to Saint Germain from the Brothers concerning you was that there is a need for more consecutive concentration by each student.

The eagerness in your hearts; the sweetness of your souls; the earnestness of your spirits (when so many new activities enter into your conscious minds), cause you to flit from one delight to another. Now I am going to ask you to endeavor (with my assistance if necessary) to concentrate your energies for just a little time upon the development of reverence and gratitude for the gift of life. Endeavor to concentrate upon the feeling of reverence toward the Master Presences and the Beings and Powers Who carry that light and an extreme devotion to the God of all life. Make an earnest invocation that there may be revealed to you (without the slightest question of a doubt) the specific reason for your individual being. If you can concentrate upon this lesson well and learn it, you will go home richer in spirit, more peaceful in heart and be of much greater service to Those of Us who live but to carry the Light to all mankind.

In My activities at Inner Levels, I work with the Elementals. In Our Temples We teach them how to embody form and the Elemental becomes the form of the flower, the form of the grass or of the blossom. His power of concentration determines how long that blossom, that flower, or other manifestation will remain in the physical appearance world as a blessing to life. In the beginning it is difficult for them to concentrate their sweet, small energies, for they mirror first one form and then another. Their form changes with every passing activity which their vision contemplates. Beloved
ones, you are in much the same condition mentally and emotionally.

Through My momentum and power of concentration, it is my desire to bring to you the pressure of My energy and whatever assistance My life-stream can offer. I bring this to help you draw the Immaculate Conception of your own Godhood in that same glorious design that was cut out of the Universal Light by Helios and Vesta when you first came into being. I will help you to hold that Christ Design, enabling you to pass the Flame through your own feeling world, until the hour when your flesh—obedient to the thought and feeling form of the "Immaculate Concept" held in your consciousness—manifests the perfection of the Christ Estate. Then you stand revealed the Master Presence for that, beloved children, is your supreme destiny!

There are millions of souls about to incarnate in the coming year and many of them have a karma of great weight. The physical bodies they will wear will be fashioned out of the elemental substance which they have used life after life and age after age. Heavily charged with discord, that substance will not be wholly comfortable for them to enter. Therefore, as the great Karmic Board meets this night, it is My joy and My privilege to petition the Council on behalf of every lifestream who is to incarnate this year. I shall ask that the destructive karma accumulated through the ages may be consumed cosmically and that each one
selves drawing the energies from primal life, qualifying them with a specific radiation to bless life. Thus you become *specialists* in the radiation of healing, purification, illumination, education, precipitation and all the other various activities which will benefit and bless the race. In order for you to develop and mature these faculties which enable you to draw forth that primal substance, passing the energy of your feeling world through it and giving it a specific God quality, you must have the characteristic of *spiritual concentration*. In order to gather a momentum of any quality to be used as a specific blessing to the race, life essence must receive a *rhythmic charge* from the feeling world which is the qualifying agent of each lifestream.

If you should choose to stay all day with the presiding Master of that day,* you could ask that particular Master to assist you in qualifying those energies in your own aura with His quality and power of radiation. Thus you can become acquainted with the various Masters’ radiations and become sensitive to the pressure and direction of each specific Ray. This will signify to you which

* Each of the seven days of the week receives consecutively the radiation of each of the Seven Chohans of the Rays, *i.e.*, Sunday, El Morya; Monday, Kuthumi; Tuesday, Paul the Venetian; Wednesday, Serapis Bey; Thursday, Hilarion; Friday, Jesus; Saturday, Saint Germain. In this regard, it would be very helpful to the student if he would try to wear at least something in the color of the Ray corresponding to the Master of the day. This helps to keep the individual reminded of the concentration he is endeavouring to hold. (For further information on above, we refer you to our Book “The Seventh Ray”.)

Master Presence is radiating through you at any particular time. Students upon the Path who have passed through the metaphysical stage of development, *must come to a place where they recognize vibration in itself and are not required to depend upon form for confirmation of the heart acceptance of the Master Presence*. This requires great balance, beloved ones, and it *requires a great stillness in your heart*. It also requires the silence of your lips and that you “tell no man.”

Spiritual pride is one of the most subtle of the tests as well as one of the most subtle of the sins manifest in individuals who are walking the path above the mass mind. Spiritual pride is often manifested in using the lips to convey to others private heart experiences which should be pondered and developed within the self. *Through radiation these should be made manifest in works and not words.* I say this with very great kindness, beloved ones, because in the beginning of spiritual development your inner faculties are very tender. They are like the first shoots of a plant above the surface of the Earth in the Springtime and they require the protection of great wisdom and solicitude. I tell you, no one loves the growth, the development and expansion of your own light in the unascended realm as much as yourself. In enthusiasm, in spiritual zeal, or subtle pride, when you endeavor to share newly experienced ecstasies, you not only lose the benefit within yourself but you arouse jealousies and unhappy feelings in others.
These often keep a very promising "shoot" from developing and maturing to a point where your words need not confirm your spirituality but rather, your very being and radiation, the very perfume of the developed quality, radiation or gift is manifest to all.

I, Myself, passed through that test when the Beloved Gabriel spoke to Me. I shall never forget the hour of His coming when He conveyed to Me the Truth that through My body would come the physical form of the Beloved Jesus, who would be The Messiah. It was required of Me to tell no man; to ponder this confidence and to keep it in My heart. I did this for many, many months. Even after the birth of the Baby; even through Our flight into Egypt; even through His early growing years, though the pride of a mother might seek to tell (even in confidence) the priests of the Temple that they should be careful of such a sacred and beautiful Baby, the wisdom of the Law was such that I could not do this. I could not subject His tender Self to the energies that would be unleashed were My lips to even intimate that which I knew within My heart. Joseph and I often talked together about this as We watched Him play but We told no one else. Jesus told you, from within His Own consciousness, He drew forth the remembrance of His Own great Guru, Lord Maitreya. He, Himself, told no man! He grew and truly waxed strong. When He had returned from His visit to India where He had received from the Divine Director those certain currents and those certain affirmations which were required to set Him free, it was not necessary for Him to speak! He was the Christ! John the Baptist proclaimed it and all the men and women of spiritual strength in Judea knew it!

Then another great sin, another most subtle activity attacked Him. This was the subtle type of sin that destroyed the Temple of Atlantis and Lemuria—spiritual arrogance. The arrogance of the priesthood who, versed in the "letter" of the Law (having lost the love of the Law through their spiritual superiority), helped to destroy the Christ manifestation to all outer appearance. So it is in the life of every man. He progresses up the Path; comes out of the darkness into the Light; accepts the Masters and walks forth. Then the subtle tests endeavor to destroy that for which he has labored for ages. May the God of Light and Life keep you, each one, humble in your knowledge, as you receive more and more understanding of the Law. May you have a greater and greater comprehension of the powers that act in the Inner Realms. As you begin to draw forth through your own body those miracles and marvels of the manifestations of Light, may your humility increase; your love intensify; your selflessness manifest; until there is nothing between you and the Ascended Christ Presence at the hour of your complete Victory. Then your Ascension is at hand!

* * * * *
As the Great Ones are now bringing the beloved incoming souls before the Karmic Board, the Lords of Karma have chosen to stand while the Lady Masters, the Beloved Meta and Myself are also drawing here the prospective parents of all those who will be privileged to bring these children into birth. As they stand thus and as I send My call to the Karmic Board, may I request that you please join with Me in asking for the relief and release of these lifestreams from karma of every kind before they come into embodiment. I shall now make My petition to the Karmic Board, which you might care to hear:

"Lords of Karma! Beloved Ladies and Gentlemen of the Karmic Board! I, Mary, Mother of the children of Earth, who fashions the heart of every lifestream that takes embodiment, stand before you now on behalf of those about to take incarnation within this twelve-month period. I have stood in the Sacred Heart Temple with these spirits. I have looked upon their karma builted through the ages. I have fashioned with My own hands, out of the very best of the essence which the Body Elementals could offer, the Sacred Heart of each one. I say to You, O Merciful Lords of Love and Light, the garments which they must wear are not fitting for gods and goddesses! They are not fitting for beautiful, spiritual beings who, within the course of this next eighteen-year period, will endeavor to set free the Lord of the World, Sanat Kumara.

The mistakes and sins of many ages have been written deeply into the energies of their etheric bodies and into those flesh garments that would be woven by the Builders of Form within the mothers of the race. On behalf of these spirits about to take embodiment—these who had the spiritual honor (during the Month of May 1954) of standing before the great Sanat Kumara Himself and in My Own Presence, pledging the threefold Flame of Life a vow of obedience—I petition You. As they have taken that vow and as a balance for that voluntary bending of the knee, the humbling of their pride, the acceptance in the freedom of their inner bodies of the existence and presence of the Spiritual Hierarchy, I make the request this night for good, whole, clean, pure flesh bodies for these children. I ask for bodies with eyes too pure to behold iniquity; with lips which will speak only words of love and light; with limbs firm and strong; with bodies, living temples through which blazes love and light; with brains well balanced to receive the directions of the Christ Self; with every organ in its perfect place and in perfect functioning order.

I ask this in the Name of life and in the Name of the Ascended Jesus Christ, I am
willing to offer on the altar of the Karmic Board whatsoever of My personal energies, whatsoever of My time, whatsoever of My very Self is required, to pay any balance that you do not find within their acceptance of the vow to serve Sanat Kumara!

Great Lords of Love and Light! The incoming children are the hope of tomorrow. Give them garments that they may occupy in ease and peace! Give them garments sensitive to their own Holy Christ Selves, that the Christ Self through them may take full command from the time they are born!

Give them, O Great Lords of Life, the fullness of the Mercy of Kwan Yin!

Oh, Beloved Goddess of Opportunity, newly-crowned Queen of Heaven! I speak to You as My Successor! I ask opportunity for the incoming souls—opportunity for each one! Grant Thou this as My last gift as I close My reign and as You become the Shining Queen of Heaven. Oh, Portia! Portia! Child of Love! Child of Justice! I, Mary, speak to You! I rest My case in Your sweet hands!"

Thank you, beloved ones for your assistance. As the feeling of devotion which has been charged with My energy fills the atmosphere, let your own sweet energies, coupled with My humble petition, do what they may! Thank you and good morning.

---

An Address

by

Beloved Mary

Mother of Jesus

October 1, 1954

(On: More about holding “Immaculate Concept”; Description of “Compound”, “Sleepers’ Realm” and Earth-bound; Mary’s petition to Great Karmic Board for assistance to these Realms and assistance for incoming children).
DEARLY beloved and blessed children of the One Eternal God! How grateful I AM to be the bearer of good tidings of great joy into your worlds and into your consciousnesses; to bring a "lift" to your sweet spirits and hope to your worlds for accomplishment which has stirred the hearts of the Heavenly Hosts.

Beloved ones, do you know what it means to be the bearer of good tidings? Do you know what it is to have lips that always carry words of comfort, confidence, hope and faith, as well as feelings that always convey the radiation of grace and blessedness so that everywhere you move upon the planet Earth the world is the richer for your presence? That is the state in which We abide—a most comfortable one, a most glorious and happy one! In this way one becomes a "Grail" through which the unsullied spirit of the Universal First Cause may flow and radiate forth to bless life everywhere.

I am always so grateful to the Source of Life—the great Father—Mother God of the Universe, for
the opportunity of being an outpost of His gracious Self and of His gracious Complement. I ask always that through My radiation, Being and world, I may magnify the Lord and magnify His gifts to the people of Earth or to the Inner Realms where I abide; magnifying always His graciousness, His kindness, mercy and His Ever-Presence. For this I was born and have Being and for this do I yet live to minister to those who wish to know the Lord. In that "knowing," touching the hem of My garment, they find freedom—freedom of mind, of body and of spirit.

Today I bring to you My life, in the Name of My Lord, the glorious Healing Flame from the Heart of the Universal and the mighty peace that does surpass the understanding of the mind, as well as all of those virtues of which you so much desire active possession, that they may be a spiritual nourishment for you. I am giving you these blessings since you no longer desire to magnify the things of the world (the shadows of human creation) but desire at last to magnify the magnificence of your Presence and the glory of your Divine Plan, standing revealed God-Master, in dignity and in light.

Beloved ones, for many, many ages My particular evolution has had to do with the power of holding the "Immaculate Conception" as the phrase is used in the Orthodox world. I would like to discuss this briefly before I share with you some of the magnificent activities taking place tonight. I ask you to be My guests, entering into these Inner Spheres and there with Me use your own sweet energies to help Us in Our Cause. So, if you will bear with Me as I digress for a moment to that subject which is dear to My heart, I shall proceed. If you choose individually to apply this same power of concentration, it will bring you great freedom!

Your consciousness is your work-room; your consciousness is the "cup" which is created by everything that you know and experience in the mental, emotional, etheric and physical worlds. Beloved ones, many of your consciousnesses are like homes that have not been lived in for many years. You know what it looks like when the chairs are shrouded, the cobwebs gather and when the various solidified concepts and thought-forms of the years have settled down. The consciousness then just externalizes that which you have accepted by use, over and over again. Now as a Mother I come to you to give a complete house-cleaning; to sweep out all of that solidified consciousness of distress, limitation, age, financial lack and to help you set up a beautiful new home into which you may invite the Christ Spirit. Will you help Me now in this joyous experience?

Long before I took the Ministry in which I was to mother the beloved Jesus, I had to learn to control the power by first creating a perfect thought-form from Universal light. I had to learn to energize that thought-form by the rhythmic release of love to keep it alive so that it did not disintegrate.
Then I had to protect it by My Own etheric radiation from the intrusion of external forces that would seek to destroy it. That substance is very pliable, easily returning to the unformed unless it is held by the mental body and nourished rhythmically by the feelings. So through many, many ages in the great Temples of the Elementals, first I learned and then I taught how to create a perfect form. I learned how to pour the feelings once an hour rhythmically (or once a day, whatever rhythm was set up) into that form. Then I learned how to hold a heart around it—that heart made of etheric substance so that the thought-form could not be dissolved by pressures from without. At the time when We were given the opportunity to volunteer to help in the great Christian Ministry, this training enabled Me to apply to Lord Maitreya for the great honor of becoming the Mother and the Guardian of the Christ. In a previous address I have told you in detail how I was required to hold the “Immaculate Concept” (the perfect Divine Form) in My mind for three hours, nourishing it by My love and by My feelings. During this time there was directed at Me from the Great Initiator, every conceivable concentrated activity, to try to take My attention, not only by disturbing pressures but by the things I loved most; anything to draw my attention away from the holding of that Concept. At the end of that three hours, I was given the opportunity to become the Mother and Guardian, the Protector of our blessed Jesus.

After His birth, many might think that I could then have relinquished that strong guard—the “Immaculate Concept” of that body, of that mind and of those sensitive and beautiful feelings. However, it was even more necessary then to hold the guard. You see, in the infant and very early stages of growth, the Holy Christ Self of an individual is not yet in enough control of the vehicle to hold the guard for him. Then, you know, I was unascended! People look back through the ages at the “glamour” of yesterday and this human tendency has made the early Christian Dispensation take on an unreal aspect. Yet when We lived; when We walked along the dusty roads; when, with gratitude We refreshed ourselves from the cold well; when We protected Ourselves as best We could from the heat of the mid-day Sun, We were people like yourselves, with consciousnesses and senses open to the mass mind. In those days, We saw many, many activities of the outer world, many distresses of the flesh and of the mind from which the West is now protected by the progress of civilization. We saw many dying with leprosy, bodies withering away on every hand and poverty, the like of which you do not see in the West today, although you still see it in India and the East. All of these things were before Us, not only before Our eyes but Our constant attention. In that type of world We lived, Joseph and Myself, and endeavored to raise This Boy without allowing Him to register this discord in the very sensitive vibra-
tory action of His consciousness. If such imperfection did register on His consciousness and His feelings connected with it, then that imperfection would be externalized as a soiled spot on the garment of One Who must remain immaculate in order to draw the Cosmic currents necessary, when His Ministry began.

When We went into Egypt We were subject there, dear people, to a great many experiences which tested Our faith and power of concentration, even beyond that which We knew in Our natural home environment. Early one morning, I remember walking out of our small dwelling and looking toward the River Nile where Jesus was wont to play. I saw that beautiful Boy in close proximity to the largest crocodile I had ever seen! The great creature's mouth was open. For a moment I confess I thought that perhaps this was the end of Our dream and yet I did not allow myself to let fear register—at least not for more than an instant! Then as I stood, do you know I realized that creature was smiling—a great, toothy grin and I was relieved. I did not even go down to the water to suggest that My Boy come back to a place of comparative safety. I do confess, however, that I remained near the door, as I looked upon them, holding the thought of His God protection until finally the crocodile went back into the water and swam away. My dear Son, feeling nothing unusual about the experience, waved to me and went on His way.

When one has a Cosmic mission, it is difficult to keep from over-solicitude and yet maintain that terrific Inner concentration and fidelity to the “Immaculate Concept”. It was difficult to see that Small Child going through the rigorous disciplines at Luxor. Those of you who have been in Egypt know something of the heat of that country during the day and know how carefully young children are guarded, especially during the hours of high noon when the Sun is at its zenith. Yet, from early morning until well into the afternoon (when the Sun was setting) I had to abide outside those Temple Courts waiting for Him. Sometimes, when My Son would come out, there would be beads of perspiration on His forehead and deep circles under His eyes. He was taking disciplines from which full-grown men and women have shrunk—yet it was not for Me to interfere. It was My obligation to give Him complete freedom and yet, in that freedom, to hold the Concept in which there was no shadow of fear.

When We recognized that He had received His Own illumination, then Joseph, Jesus and I found the trinity of action in magnifying the Lord of Life, magnifying the power of God in every circumstance—even the smallest one—whether it was the requirement of bread for our table or the beast of burden to carry us back to Jerusalem and Judea. We always put it completely into the hands of Our Lord and, together, a small family unit, we magnified the Lord's Presence in the homely
things of living. Jesus grew in that sense of comradeship with the Father-God and in a great sense of relaxation in His Ever-Presence. It will be of such tremendous benefit and help to you if you can come to that same sense of “rest in action”, in a realization of the Presence of God, ready to help you in your smallest—your slightest requirement, as well as in the greatest crises of your life. Remember, dear children, the comradeship and friendship between you and your own individualized God Presence (the “Mighty I AM”) established in the homely tasks of life, build the momentum for you. Thus, in the great crises, you already have the faith, the fidelity and the constancy of His Mighty Self. I never laid a table, never swept a floor, never planted a flower without so doing in the realization that it was the life of God that enabled me so to do and I always did it to the glory of God! Everything We did all through Our lives was done in His Name, to His glory and by His power. You, too, do everything by His power but you must continually remind the outer conscious mind of it. When you so remind yourself enough, you will come to realize that God is not far off but is the animating principle of your very self!

Now, tonight, we have another opportunity to address the Great Karmic Board. I have been making a petition to Them for some time for the assistance to be given in-coming lifestreams. You know, I am concerned with the creation of the heart—the Sacred Heart—in which lives the Immortal Three-fold Flame of Life within each physical form. The body itself is drawn around that precious Sacred Heart. At the Inner Levels, we have a magnificent Temple of the Sacred Heart. In the Springtime, after the individuals have been chosen by the Karmic Board to incarnate within the next twelve months, all these souls come to Our Temple. We have a beautiful ceremony of benediction and blessing. Then, together, each soul and I take the best part of the elemental substance that the soul has to its credit and We fashion the heart which will be the Chalice for the Flame in the new Earth body. Then these individuals wait in the Inner Realms until they are called for re-embodiment. Within the year conception takes place on Earth for each one and they come into the world of form in physical birth.

I have done this for many, many years and I would like to say that the souls who have been free in the etheric body, enjoying the sojourn in the Heavenly Realms of such perfection, do not enjoy being encased again in the imperfect physical elements which they have earned. Some of these are very, very low in vibration and the physical bodies into which some souls are called to incarnate would not be fit habitation for animals, as you know. It has always been a source of sadness to me to witness the high birth-rate of those who are maimed, mentally retarded and those who are without the full use of their mem-
bers and faculties. I have asked over and over again for some way by which the Karmic Board and Great Cosmic Law could allow Us to free souls from this necessity of coming back into such terrific distortions of mind and body.

In July of this year (1954) I again presented My Petition of which I have just spoken. Now, in accord with the magnificent activities taking place at Inner Levels in which your energies are joined with Ours, I am going to ask for assistance from the Karmic Board again tonight. I would like to take you now—just for a little while—into the Inner Realms. It rests you and it is also a training in the projection of your consciousness from place to place. We are quite amazed how clearly you can picturize that which We describe and how vitally you act in those Spheres to which We bring you.

Last evening, Beloved Serapis Bey brought an Initiation to each of you. Some of you sensed it deeply and some of you sensed it only in your inner bodies. Up to this time, the extent of your participation in the great work of the Universal progress of the System had been to call for the granting of Petitions and to make up various Petitions yourselves. Now the Great Sanat Kumara has said that you have achieved enough spiritual maturity to be able to contemplate the activities at Inner Levels—activities that must be set into motion by your calls, to grant such a Petition. After the address of Our Beloved Lord Michael the other evening and your rendition of the songs and decrees, together with the magnificent calls for the releasing of dispensations, the Great Karmic Board said: “We shall test these people. Tell them exactly what is involved in this Petition for which they ask and let us see the enthusiasm with which they will continue in their endeavor.” We all waited with bated breath to see whether the glamor of an abstract Petition would appeal when it meant actual work and effort. I am happy and grateful to tell you that your splendid response has brought smiles to the Karmic Board, happiness to Our hearts and great hope to Us for the fulfilling of these Petitions.

I would like to tell you that, in answer to your earnest calls, twelve beings from the “Compound” have applied to enter the Halls of Karma and take their judgment. These are individuals whose rebellion was so great that they preferred to remain in the Compound rather than take the suggestion, the discipline or the necessary application to work on their own creation. They have remained there in a state of sullenness, previously refusing to enter the Halls of Karma for—how many years—I would not tell you!

The Messengers from the Karmic Board are very beautiful Beings. They wear the deep royal purple of Saint Germain and have emblazoned across the breast the Scales of Divine Justice in perfect balance. They wear the seven-pointed crown upon Their heads and They carry with Them...
Scrolls bound in purple, which Scrolls are the summons to the soul to appear before the Karmic Council. These Karmic Brothers, as Serapis told you last evening, meet every soul that passes from the body. The conscious chela who steps through the veil without even stopping to look back, usually takes the Scroll immediately from the hand of the Messenger. These are the workers who wish to get their new assignments and get back into the activities of a new Earth embodiment as quickly as possible.

Then We have the great Realm of the “Sleepers”. When people pass from the body in an exhausted state, they go out into this beautiful Realm in the Higher Octaves. This Realm was provided by the Great Law as a place of rest between embodiments for certain lifestreams who needed it. Some people who go out in great shock; some who pass out through violence and a great many who go out in war conditions, enter this Realm for a period of time. When We go into this Realm in consciousness, just a little later this evening, you will see the tenderness and solicitude with which the Angel Devas watch this Realm of the “Sleepers”. These Devas pour Their sweet anointing upon the bodies of those who are there and when those individuals awaken, they are given the “vacation period” of which I spoke before. In due time (there is no hurry) the Karmic Messenger will come and these souls will receive their call to appear before the Karmic Board.

In the lower Realm of the “Sleepers”, you will find those who are seeking escape. As you descend, you will see how the bodies, rather than being life-like as if just in rest and sleep, become more like the atrophied stone in color and there is a resistance to an endeavor or attempt to be awakened. We shall ask you to help us assist these tonight.

Then We come to the Earth-bound, to whom there comes once in every year one of the Karmic Messengers Who offers the Scroll of opportunity. The Earth-bound have consistently refused this. They are not vicious enough for the “Compound” but they are those who, either by lust, appetite, hate or physical love, are very enamored of the Earth and Its people. They exist on the magnetism of the living. Many of these Earth-bound souls, after they find that they get no attention from the living, begin to lose interest for nearly always they are strong egotists. When they continue to pass unnoticed in homes where they have been usually the predominate figure, the magnetism weakens and they can sometimes be coaxed into the Halls of Karma.

Tonight, the Karmic Board has asked if you will go with us in consciousness into these Realms and use your energies to make calls for these types of individuals, trying to get some of them to arise and take the Scroll from the Cosmic Messenger. If you
will just look for a moment into the Halls of Karma, you will see the magnificent doors are open. These Messengers are coming down the steps in beautiful purple garments, carrying these Scrolls of light. Each Scroll is an opportunity for some individual to meet the judgment of his own lifeflow; be assigned to a period of expiation of his errors made on Earth and given a chance to receive an understanding of the Law in some School or Temple at Inner Levels, free-will being the “order of the day”. These being unascended, We have thought that your energies might do for them that which We cannot do Ourselves.

First We shall enter the Realms of the “Sleepers,” for these are the least difficult to be handled. You will see that each one is lying on a lovely couch and that Flame flowers that never die, adorn the pillow. These flowers become blankets of roses, gardenias, violets, etc., covering these sleeping forms. As you watch in this Realm of “Sleepers,” you will see the Devas Who guard them, rhythmically pouring out the vials of light over their bodies. From time to time a soul will arise from one couch or other, as you arise from sleep in the morning. It will attempt to get its consciousness focused and be led by some Angel Deva to the Realm where it will spend its “vacation period”. We need not be concerned particularly with these, because they are pliable and quiescent. After a few weeks or months with their loved ones, they will willingly take the Scroll from the hands of the Karmic Messenger.

Now let us go down to those who have “willed” themselves to sleep. They have willed themselves not to awaken. Here you will see a sight that reminds you of an Egyptian sarcophagus in which the body lies, the form itself looking like stone. There is no warmth there and only the flicker of the Flame within the etheric body keeps them from the “second death”. Many have passed into the “second death” from this Realm. Now if you will please sing with sincere feeling, your “Opportunity to Call” to these deep, deep “Sleepers” who are sleeping the sleep of escape, We shall see if they will arise. Around them in circular form, stand the Karmic Messengers with Their Scrolls and tonight “We shall be grateful if even one comes from this Realm of rebellion.”

(Audience arose and sang “Opportunity to Call”, following which Beloved Mother Mary called to the Karmic Board). “In the Name of the Beloved and Holy Jesus Christ, I call to You, O, Karmic Board! I call to You on behalf of these, the “Sleepers,” to accept the energies of these unascended beings here tonight. Set this energy up in a rhythm every hour until it becomes a Flame, carrying the feeling of how marvelous and wonderful it is to serve life. Let that Flame pass through their consciousness until Its enthusiasm stirs each of these souls. Then let them come forth, magnify their Lord, fulfill their destiny and be-
come God-free”. I thank you for your assistance and your calls, beloved friends. I would be so grateful if you would keep up this call individually and collectively when you have opportunity, until there is not one soul who is not eager to face his Lord and fulfill his destiny.

Now, beloved ones, as the great Karmic Messengers wait in that Realm of the “Sleepers”, We expect activity there tonight. This mighty Cause of Saint Germain is FREEDOM and the imprisoned Flame within the hearts of these “Sleepers” desires fulfillment. How would you like to be in a stone prison for a million years, especially when you had a destiny to fulfill? Yet that etheric consciousness, so rebellious, so unwilling to proceed, refuses to allow opportunity! Tonight I speak directly to the Flame in the heart of each of the “Sleepers”: “In the Name of the Ascended Jesus Christ and in the Name of the unascended mankind in this room, I have gathered friends for you —friends who will breathe on your heart flame. There is not one lying prone in this Realm tonight who shall not stir and receive opportunity to expiate karma”.

Those of you who asked last night (in your feelings) how Orthodox people can expiate karma out of the body, *(when in the outer consciousness they do not know the use of the Violet Flame)*, will be interested to know that it is through the establishment of Temple worship in the Inner Realms. There they use ordinary prayer force and devotional singing. This is utilized by the Devas to melt away the karma in this Realm until these people come to a knowledge of the Sacred Fire. These focuses of worship established in the Astral and Psychic Realm are voluntarily entered into by all individuals who have not earned their Ascension. Just as you go to church, every hour if you want to (or perhaps you only wish to go on Christmas Eve or Easter) so do these people, through free-will, have access to these focuses. The more karma they burn out through entering into the service there, the quicker are they free to go to a higher Realm and the better Earth life will they receive when they incarnate again. It is just as it is here. The groups are provided and some just cover the minimum of the Law, while some avail themselves of every opporunity. The latter progress more quickly, because through individual application for the good of the whole, the soul rises higher. When the Karmic Board assigns a soul to the Sphere in which to dwell, It also assigns a minimum of service, just covering the Law; but those who are alert take a greater length of time in service and they proceed more rapidly. It is quite individual—the same as it is here. *(That question was in your minds last evening and Beloved Scrapis asked Me to answer it for you.)*

Now we shall pass to the doors of a place that has frightened a good many—the “Compound.” Here are those who choose no part of God. These individuals refuse to accept the summons of the
Karmic Board but were too vital and developed to become “Sleepers”. These have been “corralled” so to speak, in the Universe. Here they continue to grumble over their lot although they are approached rhythmically (as I have said) with the invitation to appear in the Halls of Karma. These individuals know full well that they have quite a balance to pay to life and feel they may escape by refusing to so appear. As Serapis told you, the Law is that you cannot take a new Earth body until you have passed through the Halls of Karma; until you have expiated a certain amount of your creation; then you are assigned to a new Earth life.

Tonight We are going to try something that has never been done before. We are going to call the blessings of the Great Central Sun on the beings in the “Compound” and upon the Earth-bound. I am going to ask you to join Me in a deep heart prayer that those individuals come forth voluntarily and walk in dignity before the Karmic Board, finding that Tribunal not so fierce as they had anticipated. Then let them get busy in redeeming their discordant creation of the past. Would you please take the song to the “Great Central Sun” this evening?

I speak directly to those in the “Compound” and the Earthbound: “Beloved, you who have refused to accept the invitation of mercy from the hands of the Angel, We love you! We are calling you now to your redemption. We are calling you forth to opportunity. For the Earth which once was sweet to you; for the planet which you enjoyed; We ask that your individual lifestreams assume the responsibility of joining Us as ladies and gentlemen; join Us in redeeming this Earth; in redeeming the Elemental Kingdom. There is nothing to fear; there is nothing to hate; there is merely opportunity to use those very great faculties which you have developed through many ages. We have opened the doors of the “Compound” tonight with love and We invite you to accept your invitation from the hands of these Devas, in the Name of the Ascended Jesus Christ, in the name of unascended mankind who have loved you enough to make this call”.

Thus do the three Realms—the Realm before birth, the Realm of incarnate life and the Realm after death become one! When that veil is so severed that I may speak to you from above—you who are the bridge to those who are below—it has greatly hastened the progress of the evolution of this System.*

Now We turn to the other side of the scales.

* Editor’s Note: At the Christmas Class, December, 1954, all of those in the “Compound” as well as those in the “Sleepers’ Realm” came out voluntarily, took their Scrolls from the waiting Devas and went before the Karmic Board of their own free-will. This allowed the complete dissolution of the “Compound” and the returning of the “Sleepers’ Realm” to its original intent, i.e., to be a place of temporary rest for souls needing such assistance between embodiments. From now on, souls will only be allowed to remain in the “Sleepers’ Realm” for one year at a time between physical embodiments.
which is My activity of life. We come here to the magnificent experience at Inner Levels, after the lifestream has passed through the Halls of Karma. As Beloved Serapis told you, a group is examined and assigned to a Sphere whose vibratory action is comfortable, a city atmosphere or a country one, whatever the person likes best. There the individual abides; proceeds for a certain time making new associations and affiliations; advancing rapidly or slowly according to his own free-will, even as mankind do here. For instance, two souls are born the same minute; one accelerates to the point of the Ascension in one embodiment, while the other retrogresses so that it passes out less advanced than it came in.

The time of sojourn at Inner Levels is determined by many things. (I cannot tire you tonight by too much detail for, much as you enjoy Us, your senses do weary.) Those of you who have served the light have foresworn your time in these Realms, at least for the most part. We are speaking now of the "average" man.

These people make new friends and in time the etheric body, mirroring that which is around it, gradually throws off the appearance of age and takes on the appearance of those who have dwelt for a longer time in that Sphere. Here they abide until the time comes when the same Karmic Board draws these souls before It. When this Board feels that a sufficient amount of karma has been dissolved and enough time of rest for the souls has been given; when a sufficient amount of spiritual nourishment has entered the lifestream; then come the Messengers from the Karmic Board signifying an opportunity for a new physical birth. These Messengers come in the most exquisite light blue—the "Mary blue" which some of you love so much. The Messengers carry with Them the Scroll with the blue upon it. Here again it is somewhat difficult for these souls to accept the Scroll and leave those with whom they have been having such a lovely and beneficial time. Partings are always difficult and the Inner Levels are happy places. Yet, sooner or later, when the Angel in blue appears, the soul knows it is time for re-call; time to go back again into the Earth life.

Early in the new year, right after Beloved Sanat Kumara brings down the thought-form and goes to Shamballa to design the pattern for the year, then the Board of Karma begins to select the lifestreams who must incarnate in that year. At the same time, individuals who want to incarnate (who are volunteers) present their petitions. The first few months of the year are engaged in preparing a possible influx of lifestreams for re-embodyiment. A sifting and sorting goes on and the ones are given opportunity to come in who can best serve the light pattern of the Thought-form for the year. In Divine justice others also are allowed to come in because of the work they have
done at Inner Levels and the karma they have expiated. They have earned this opportunity. There are those sent in also who have the most difficult karma to balance.

Then comes My opportunity to bless these souls through the creation of their new heart forms. Just a few months ago, some three hundred million souls who sought re-embodiment, performed a voluntary act in the Temple of the Sacred Heart. They stood before Me and all pledged a vow to Sanat Kumara, each of them offering to do the best they could to serve Him according to their light. Since that time (May, 1954) We have been allowing some of these souls to take embodiment and a great many are yet to take bodies. It is for these remaining ones that I am going to ask the Karmic Board for help, to see that they get better bodies than they have earned.

Now, with your kind indulgence, we will turn our thought to the Karmic Board and I shall make the call. If you will sing to Them, it will amplify My Petition (Audience sang the song “Great Karmic Board”).

“Beloved Karmic Board! Beloved Portia! and all Those there assembled! I, Mary, speak to You on behalf of the lifestreams about to incarnate upon the planet Earth. I ask because this year, every lifestream who is to incarnate voluntarily took a vow to serve Sanat Kumara well. For this reason I ask that some special dispensation be granted for the purifying of the physical substance which the Body Elemental must use to create a vehicle. See that no more children come in this year in distorted forms, feeble-minded or unable to provide the soul with opportunity to fulfill its vow. In the Name of Justice, they must have a mind and brain consciousness through which the soul can function and bodies with faculties through which the soul can work. I ask in the Name of Life, in the Name of Mercy, in the Name of God, for the purification of the substance in the bodies of the parents. This substance makes up the flesh garments of these children about to come in and the elemental substance gathered by the Builders of Form must be purified with whatever intensity and power of the Sacred Fire is necessary. I ask You to see that every soul gets a firm, whole, perfect mind and body through which to function.

Beloved Portia! As the Goddess of Opportunity, this call should come close to Your heart. Can You not grant opportunity to these souls who have offered to serve the King of the World?”

Portia speaks: “Beloved Mary! Opportunity is in My hands. Opportunity is now Yours to help. I give this request into Your keeping. You are a Mother, Mary, and You know that the conception of the child, held in the mind of the mother, is a great factor in the molding of that form within her body. You know, Mary, the appetites of the
parents have a great effect upon the Body Elemental of that infant. Why do you not call to Gabriel Who gave you the ‘Immaculate Concept’ of the God-child? Ask that His flaming substance enter the consciousness of every mother with child and every woman about to conceive. Coupling Your ‘Immaculate Concept’ with hers, you hold that immaculate pattern in her mind and that purity in her feelings. Life will respond, Mary—it always has and it always will!”

Mother Mary: “Thank you, Beloved Portia. Before this night has fled, Gabriel shall stand beside every woman who has conceived and every potential mother. We shall direct that ‘Immaculate Concept’ into the mind. Is there not something that can be done, Blessed Queen, for the elemental substance the soul has earned?”

Portia answers: “Beloved Mary, Our Lord Maha Chohan (the Great Intelligence governing all elemental life) will no doubt command that life back into its original purity. He gives the first breath. Why do You not ask His assistance at the time of conception rather than birth? Then, with His giving this assistance, coupled with My Beloved’s (Saint Germain) Violet Fire, let Us see what can be done”,

Mother Mary: “Beloved Portia! I am Your Sister and Your Servant! Great Queen of this New Age, tonight these unascended lifestreams have gathered here and listened to Us converse one with the other. I am asking them to send their love to You as well as to the entire Karmic Board through their simple song ‘Immaculate Conception’; then to send that Immaculate Conception into the mind of every pregnant woman and all who shall conceive this year.” (Audience sings)

Mother Mary continues: “We offer this energy to You, O, Karmic Board. It is the life of unascended beings. Looking deep into their hearts, You will see that everyone here, without reservation, desires that every incoming child shall be free, clean and perfect. Now, Portia, as We stand, I am going to speak directly to Gabriel”.

Mary speaks to Gabriel: “Beloved Gabriel, Friend of the ages, You Who came to Me in My hour of greatest trial, will You accept the commission suggested by Beloved Portia, Queen of the Karmic Board? Will You come with Me to the side of every woman who will give birth and each father who guards that incoming child? Will You help to project and sustain the ‘Immaculate Concept’ in each mind?”

Beloved Gabriel: “Hail, Mary, full of grace! The Lord is still with Thee and always blessed art Thou among all women. I am Thy Servant, as is every Angel, Deva, Cherubim and Seraphim in Heaven. Queen of the Angels, I am Thine to command!”

Mary speaks: “We thank You, beloved Gabriel. Now as these blessed ones again sing that song of the ‘Immaculate Conception’ let Thy mighty Flame go forth, north, east, south and west. Let
every Angel of Birth, every Builder of Form be alerted and every parent receive the pressure of that contact.” (Audience arises and sings)

I speak directly to the parents now: “Parents of this race—every one, everywhere! As there comes into your keeping a soul that has vowed to love God, accept the visitation of Gabriel and the love of Mary and bring those children forth in light!”

Is it so strange to participate in activities that engage the subtle senses? NO! Some sweet day in the not too far distant future, you will work in this way all the time; flashing from planet to planet under the direction of some great Cosmic Being, giving your vital energies where they are most required at the moment. You see, you are no longer Earth-bound—you are quite free. Today you functioned in the Astral Realm, in the Psychic Realm, in the lower Heavens, and in the Realms of birth—yet your physical bodies did not move from this room. This is a very great service which you rendered here (which will go on all through the night and this week-end) and besides that, beloved ones, it is giving you certain training. I am hoping you can accept it as reality. I am hoping that you can know tonight that some soul has come out from the “Compound” where life has not been known to progress for hundreds of thousands of years! Try to know that some soul will rise from a couch of almost petrified consciousness because of your calls and that some being will be set free from the Earth-bound Sphere. Try to realize that somewhere, when a baby cries, its body will be more perfect and its mind more clear because you were here tonight.

Now I am at liberty to tell you that for each one of you here, at least one soul will be released from these various places spoken of above—one for one! Think what that will do for the “Compound”; think what it will do for the Realm of the “Sleepers”; think what it will do for the Earth-bound; think what it will do for some soul otherwise destined for a lame body who will now walk in a straight perfect form and have a good mind, because you chose to enter this room! If you never did another thing in this embodiment, you have served well tonight.

Thank you for your kind acceptance of My words in your feelings and I shall say “Adieu” in the Name of My Own beloved Son and Myself. Good evening!
